One home invasion leads to tragedy, the other leads to the BG's running away. See if you can spot the lesson.

The [first home invasion](#): 3 men broke into the house, threatened the 2 women (18 and 50 years old). Proceeded to kidnap the 13 year old and the 1 year old granddaughters.

The [second home invasion](#): 4 men broke into the house, the 54 year old woman grabbed a kitchen knife to "defend herself". House breakers ran away.
